PROFILE

I am a dedicated and skilled full-stack developer with experience in MERN and WordPress development. With a strong interest in software development and problem solving, I am enthusiastic about leveraging cutting-edge technologies to build innovative solutions.

EXPERIENCE

Blubird Interactive Ltd Feb 2024 - July 2024 | In Person | 32/1, Rd 3, Shamoly, Dhaka, Bangladesh

- WordPress theme development from scratch, plugin development, Maintenance, Theme conversion, Design and bug fixing.
- Maintained proper work-log, office culture and contributed in teams.

RestaurantBooking May 2023 | Remote Upwork *NextJS, Tailwind, MongoDB*

- Assisted senior front end developer to speed up the api integration and request validation before deadline.

TranslatinOtaku Jun 2021 | Remote Upwork *PHP, JavaScript, Bootstrap 5*

- Developed custom themes and plugins utilizing WordPress custom post types.
- Designed and implemented a bookmarking system to track and store and persist users' reading progress.

Strat-O-S Sep 2021 | Remote Upwork *PHP, JavaScript, SwiperJS*

- Collaborated with client teams to successfully launch subscription-based courses. Developed a custom WP plugin to enhance UI, carousels, and submit forms.

Portfolio Feb 2023 *Go, Sqlite, SvelteKit, TypeScript*

- Acquired proficiency in Golang web development tools to swiftly build a portfolio website demonstrating my skills and accomplishments.
- Developed a lightweight application using SvelteKit, resulting in seamless navigation and enhanced user experience. Implemented a paginated blog feature and deployed the website to Google Compute

Whisker Chat Jun 2023 *Go, SvelteKit, Tailwind*

- Chat App made with Go and SvelteKit for real-time messaging with PocketBase backend. Facilitated seamless group communication through an intuitive interface.

SimpleTodo Feb 2020 *TypeScript, MERN*

- Built a single-page to-do application using MERN (MongoDB, Express.js, React.js, Node.js), with a focus on TypeScript and implemented custom React hooks,
